

## Intro/Twilight Kingdom

Theatres Des Vampires

There is no way out  
From this damned land  
Where the devil and his sons  
Still walk with human feet

May day be carved his stones  
And spreaded through humanity

For the sake of all men

Sighisoara... Land of vampires  
Legend of horror  
The princess of evil made flesh is here

Born from the dark... King of Impalers  
King of the twilight... Lord of the wolves

I live with the blood of virgins  
I hate the light of the sun

I come back in the twilight kingdom...

I love the death... Prince of the twilight  
Betrayed of christianity  
Twilight kingdom

I was born in this ancient land  
In search of pleasure  
Ghosts... From the fog  
In search of virgins  
...For my life
