

# Tenebra Dentro

Theatres Des Vampires

In the darkness I fall...Solitude and despair  
Condemned to wander every night

While the people sleeps...  
I raise from my bier and begins my life.  
My life of a vampire

Tenebradentro

wish your neck I wish your mouthI  
wish your blood I wish I wish I wish you

In the darkness I live...  
Misanthropic existence  
Condemned to live forever  
While the people loves  
I remember my bride  
But I can't cry for my despair
