

If I Stay Too Long

Thee Oh Sees

Walking up to you straight
Rehearsing everything I've said
I know I say it different
But there is no other way

If I stay too long
It's 'cause I love you

Hoping you won't make me cry
Like you did the other night
People stop and stare at me
If I wasn't right

If I stay too long
It's 'cause I want you

Now we're sitting hand in hand
So relaxed, I'm feeling fine
I got a letter from your lips
We'll forget it by the time

I said If I stay too long
It's b'cause I love you x2

Walking up to you straight
Rehearsing everything I've said
I know I say it different
But there is no other way

I said If I stay too long
It's b'cause I love you x2
