

## The Dream

Thee Oh Sees

I had a dream, a dream I said  
A bloody dream in which I said:  
"I'm not dead, oh dead"  
I lie awake until I sleep, I see the sky tear, and then it weeps.  
I was scared.  
So scared.

The dream, it seems, is peeking, into real life.  
The sun can't burn, the dream, from my eyes.  
The dream, seeking, peeking, real life.
