

## Departure (Paris 96)

Theophilus London

Hello Ma'am  
I'm present in your presence I feel  
It's time I depart in your soul see  
I'm a flower that was built by the man  
Or the woman that I fear  
He she besides up there and  
Time is so irrelevant  
Conspire it's a line finds a design  
A creature so benevolent  
Your soul fuses a fume of desire  
That sense my sense  
Trigger blend so tremendous and  
The world that I reside in  
Sometimes I'm hiding, so makes dividing  
Nights are unwinding  
Pleasure that I thought I once knew  
Huh. It never grew

Once again it's time to Depart

Alright so get focused  
Beautiful women in the world here it goes

Talk to me baby I am lost for words  
But this is something new, I am often heard

Oh, that's your real name? I thought you were called the second?

Word? On the earth I am called the 3rd  
Theophilus London power ensured  
But enough about me see it's about you  
And how much we grew and what's true  
Huh. Is true...

Baby! Just sit right there  
Don't go no where  
I've got somethings to show you  
Just be well prepared  
Baby! Take my time  
Just put your faith in me  
When I'm around you  
Oh Baby!

Once again it's time to Depart

Take me outa here I'm finished girl  
I don't wanna go right now

Never want to let you go

Back in the days when I was young  
I'm not a kid anymore

But some days I sit and wish I was a kid again  
Want to go back to the days where everything was so pure  
I'm so sure that everything will be the same way  
Girl... The evolution of your body it's amazing  
It's like I seen you grow right before my eyes  
I'm breathless... I'm speachless...

Once again it's time to Depart

Take me outa here I'm finished girl  
Can I talk to you now girl

Just want to take you back

Yea... Uh
