

Heartbreaker

Theophilus London

You enter emotion, and yes, I enter perception
She gets a lil closer, and I was gettin' all interested
Hopped in the two door, bicker like a schoolboy
When we headin' to the lake
Show me, show me, show me, erratic? Nah, just after the break

(Oh oh oh) Talkin' bout tonight
(I feel you want me) I can read the signs
(So take me further) Galaxy arrives
(To be a heartbreaker) In the night

(The man is?)
My friend? Said yes
I think you're sweet and innocent
But goddamn, when I take off that dress
I'm over? To impress
(Damn, the guy can't lie)
So tell me, tell me what's next
(Sing to the moon, hear the sunrise)
Uh, pina glizzy-oh
Lvahs in this hole
F**k yo politics, f**k yo 9 to 6
Girl, lemme kiss yo lips
When I dip, you dip, we dip
I'm on my guack and salsa s**t
Take a hit! Whenever had a taste like this
Only bosses floss like this

(Oh oh oh) Talkin' bout tonight
(I feel you want me) I can read the signs
(So take me further) Galaxy arrives
(To be a heartbreaker) In the night
