

# Any Other Way

Theory Of A Deadman

Tuning: Standard

This is the new song of Backstreet Boys from their new album "Unbreakable"..

Kung may mali man,..pakicomment kaagad..tnx!

There you go caught you crashing my dreams again  
Just when I'm trying to get over you  
I tell my heart but I can't see, to comprehend  
A day without you  
Now you carved out a life but I wear the scars  
Reminding me by the hour  
that it's time to accept it's the way the things are  
I wish I could but

Chorus:

I can imagine it any other way  
A world without you is only wasted space  
You gone and I'll always be wonder  
Why can't be any other way  
any other way

Since you drained all the color out of the sky  
How am I suprised to feel  
It's like I'm living in somebody else life  
Tell me it's not real  
(repeat chorus 2x)

Like we never had a falling out  
Like the tears, they never hit the ground  
Like you're still here, youre still here

Interlude: Am-C-Dm

Since you drained all the color out of the sky

(chorus 2x)
