

World War Me

Theory Of A Deadman

Wooh oh ooh this is world war me
Wooh oh ooh I will never find peace,
I'm the only enemy

I'm the king of doubt,
I fight out all on the inside
I'm the poster child of denial,
There is nothing I can't hide
I'm punching holes in walls because,
I let them build up way too long, sabotage
Everything I ever had,
And now I'm seeing red but,
There is no one else to blame but,
The voices in my head

Wooh oh ooh this is world war me
Wooh oh ooh I will never find peace
I look into the mirror and I hate what I've become
'Cause I'm the only casualty from damage that I've done
I'm the only enemy in world war me

I know you tried to show me the light,
I feed on the darkness
I've lost control down in a hole,
I'm broken and helpless
The noose is getting tight,
So tight, will I make it through the night
It's time to surrender to myself
And crawl out of this hell,
The battle is in my head, there is nobody else

Wooh oh ooh this is world war me
Wooh oh ooh I will never find peace
I look into the mirror and I hate what I've become
'Cause I'm the only casualty from damage that I've done
I'm the only enemy in world war me

How do you runaway, when you're the enemy
No, there is no way out,
Nothing is gonna' save me now

Wooh oh ooh this is world war me
Wooh oh ooh I will never be free

Wooh oh ooh this is world war me
Wooh oh ooh I will never find peace
I look into the mirror and
I hate what I've become
'Cause I'm the only casualty from damage that I've done
I'm the only enemy in world war me,
In world war me
