

## Church of Noise

### Therapy?

She goes places I won't go  
She knows things that I don't know  
Welcome to the Church of Noise  
Welcome to the Church of Noise

"It takes more than intellect to be a musician,  
Put your soul in to it little, okey?"

This goes way beyond beliefs  
Take this far away from me  
Welcome to the Church of Noise  
Welcome to the Church of Noise

Empire's singing on the backdoor step  
Showband's dyin' on my radio set  
Every light shines out on a Sunday  
Heaven sent with quilt and regret  
I am lost in your acetylene light, so bad  
One more trip  
One more trip to my head  
To my head now

Red skies summer marches on  
We should go away together  
Mongrels in a mess forever  
Welcome to the Church of Noise  
Welcome and welcome  
Welcome to the Church of Noise  
Welcome and welcome  
Welcome to the Church of Noise  
Welcome and welcome  
Welcome to the Church of Noise
