

## Deep Sleep

Therapy?

Time-toffee molten on the mantle  
Freeze frame sound hangs in the air  
My thoughts ebbing in slow motion  
In limbo more than anywhere

Just a sleepy head

Breast-fed on the thought of leaving  
Dead-head drowning in a dream  
Switched off swimming to surrender  
I'm home, comatose and lost

Just a sleepy head  
Dying in your bed

Time toffee melted on the mantle  
Freeze frame sound falls from the air  
My thoughts drift in slow motion  
In limbo now and I don't care

Just a sleepy head
