

# Die Laughing

Therapy?

Gimme something to breathe  
Gimme a reason to live  
Close your eyes and see  
What you have inside

I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane

Another dreams hase gone  
And you friends just tell you lies  
And you realize  
You are gona die anywhere

I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane

Lost in a world with no reality Im afraing to move Im afraing to speak  
And I would kill for good night sleeps  
Im feeling Im feeling

I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane  
I cant remember my own name  
I think I ve gone insane

I cant remember  
I cant remember  
I cant remember
