

Die Laughing

Therapy?

Gimme something to breathe
Gimme a reason to live
Close your eyes and see
What you have inside

I think I ve gone insane
I cant remember my own name
I think I ve gone insane

Another dreams hase gone
And you friends just tell you lies
And you realize
You are gona die anywhere

I think I ve gone insane
I cant remember my own name
I think I ve gone insane
I cant remember my own name
I think I ve gone insane
I cant remember my own name
I think I ve gone insane

Lost in a world with no reality Im afraing to move Im afraing to speak
And I would kill for good night sleeps
Im feeling Im feeling

I think I ve gone insane
I cant remember my own name
I think I ve gone insane
I cant remember my own name
I think I ve gone insane
I cant remember my own name
I think I ve gone insane

I cant remember
I cant remember
I cant remember
