Therapy?

Masturbation saved my life
I was nervous as a child
You were someone out of my hands
Couldn't understand or have

She's not trying to catch your eye She's just trying to get a life He feels weak when she is strong Feeling threatened when he's wrong

Femination, generation Femination, generation

Do you want a fuck?, Do you want a friend?
Do you want sex?, Do you want revenge?
You never make love with a smile on your face
Punished with love and rewarded with hate

Femination, generation Femination, generation
