

Knives

Therapy?

My girlfriend says
That I need help
My boyfriend says
Id be better of dead

Im gona get drunk
Come around and f..k you up
Im gona get drunk
Come around and f..k you up

And you cant help my life
But you cant hide the knives

My girlfriend says
That Im bad news
My boyfriend says
That Im confused

All poeple are shit
Bad trip potatoes my brain
All poeple are shit
Bad trip potatoes my brain

And you cant help my life
But you cant hide the knives

I wanna crawl up you inside and die

And you cant help my life
But you cant hide the knives

And you cant help my life
But you cant hide the knives
