

Nowhere

Therapy?

Heaven kicked you out
You wouldn't wear a tie

Staring at the pictures by yourself
At something that you never had you never get

Going nowhere
Going nowhere

You can get drunk on life
You can drink every night

Shouting at the world you never change
But it's what inside you've got that rearranges

Going nowhere
Going nowhere

Heaven kicked you out
Heaven kicked you out

Making up the worse you never get
Losing every single thing you ever had

Going nowhere
Going nowhere
