

Our White Noise

Therapy?

Flowers mark the spot
Where this world shut you off
Violets, blues and pinks
Surrounded by police tape

The sky is overcast
Winter swallows light so fast
Where'd the summer go?
Smothered under snow

We pass by
And we do nothing
Just walk on by
Alone

Flowers mark the spot
Where this world shut you off
Tragic blues and pinks
Surrounded by police tape

The sky is overcast
Winter swallows light so fast
Where'd the summer go?
Smothered under snow

We pass by
And we do nothing
Just walk on by
Alone

We pass by
And we do nothing
Just strangers
In our white noise

We pass by
And we do nothing
Just walk on by
Alone

We pass by
And we do nothing
Just strangers
In our white noise

[illegible]

Our white noise
Our white noise
Our white noise
Our white noise
