

## Tides

Therapy?

I think my ship has sailed  
I can't see tomorrow  
And what use will I be  
If all I have is sorrow?

These tides leaving me behind  
Day by day by day  
Your life ebbing out mine  
Wave by wave by wave

Standing on the pier  
Waiting to be swallowed  
Whatever's led me here  
A darkness I must follow

These tides leaving me behind  
Day by day by day  
Your life ebbing out mine  
Wave by wave by wave

These tides leaving me behind  
Day by day by day  
Your life ebbing out mine  
Wave by wave by wave  
Wave by wave  
Wave by wave  
Wave by wave  
Wave by wave
