

## Asphyxiate with Fear

Therion

The amazon  
Is attacked  
Jungles killed  
Support no air  
Coca Cola  
Burns the woods  
And plants fruit trees  
To serve you drinks  
Multinational corporations  
That's what It's all about  
To making money and feed their ass  
That is the reason why  
Suffercation  
We all die  
Burn the woods  
And kill the air  
Mutilation  
Of the air  
Devastation  
And despair  
God  
Don't  
Let  
Us  
Die  
McDonalds  
Feed their cows  
With out children's  
Lives  
Ten years past  
All are dead  
Trees are gone  
And so all life
