

## Mark of Cain

Therion

Cain, firstborn son of Adam  
You killed your brother Abel  
Now you bear the mark of God in your eyes  
Your eyes  
Pain is the sing of your symbol  
And you'll be borne down by the load  
You will walk forever to live and let die  
Life is eternal for Cain  
Bright shine the crime from his mark  
Some secrets known by his name  
He taught man handle Gods spark  
Let the he, let the he goat bear all the old crimes  
Walk with him to distant east  
Ride your horse into the desert of Set  
And meet him, your master Azazel  
Ride your horse into the desert of Set  
And meet him, your master Azazel  
Ride your horse into the desert of Set  
And meet him, your master Azazel  
Ride your horse into the desert of Set  
And meet him, your master Azazel
