Therion

Rise from the depths  
Bring fire to surround me  
Awake with screams  
Of might that cracks the sky  
The seals are broken  
Your force unbound  
From (the) darkest depths  
The Dragon rise  
With your wings fly  
And forge me in your fire  
Dive from the sky  
And bring the world your dawn  
Nestera fuaro menut
