

## Quetzalcoatl

Therion

Quetzalcoatl

One day in (the) Maya calendar

The Winter Solstice is open

Like a gate to the Plumped Serpent

For the Maya and the Toltec he return

Sol volverý, en la costa vimos su luz

Quetzalcoatl

Oh Seýor del Sol!

Ride on Quetzalcoatl and you will reach another day

When Capricon will change the world

Enter into 2012

Ancient forecast of the Maya will be true

[chorus repeat]
