

Ship of Luna

Therion

Over the night sky
Sail ship of luna!
Taking the spirits
Into the new day

Dance moonbeam, be my guide
Through the calm of the night.

Lady moon so cold so bright.
Sail with your ship.
Maid luna, steer to the dream.

Waters of the mind
Flow across the time
(and) there sail the moon:
Hera and hecate
Luna and aradia

Sail, fantasy
In the dark and the calm!
Steer ship of moon
To the land of my dreams.
