Tuna 1613

Flash of light, from the sky above

I'm the augur of runes

I'm the Lion Man

Flash of light, early in this winter dawn a vision of hidden truths in Tuna

IVDICIVM, the year I have waited for. I read it (in) the prophecy

Year of doom...

I can see! I'm filled with this fantasy

The King is my company in Tuna

The judgement day, it has been revealed to me (in) a moment of ecstasy

I can see!

Flash of light, from the sky above

I'm the augur of runes

I'm the Lion Man

666, the number was shown to me

I'm filled with this prophecy in Tuna

A Momentum excitationis

In the year of IVDICIVM - year of Doom

Flash of light, from the sky above

I'm the augur of runes

I'm the Lion Man
