Voyage Of Gurdjieff (The Fourth Way)

Walk all alone on a quest to wake up, as the day you said:

"Life is only real then, when 'I am'

When I walk on the way, of the Fourth Way"

When your journey begins you'll meet the world

You'll see the sleep

Dance a sufi dance and fall into a trance

Like a Derwish you dance

Dance with Yezidis and learn their secret lore...

Voyage of Gurdjieff

Learn how to live, how to use the Octave

Listen to the tale (of) The lord of Flies tonight

Nine pointed star, it will shine on your soul

And you'll find your way like a Herald of Light

Who show the way like Gurdjieff

Learn how to live, how to use the Octave

Listen to the tale (of) The lord of Flies tonight

Nine pointed star, it will shine on your soul

And you'll find your way like a Herald of Light

Who show the way like Gurdjieff

Learn how to live, how to use the Octave

On the Fourth Way the life is only real

Then, when 'I am', when I walk on the way

On the Fourth Way, like a Herald of Light and the Dark

Is there life on Earth? The World will set you free

Voyage of Gurdjieff, are we like machines?

No, we can build a soul like black diamond
