### These New Puritans

Elvis, i wasn't talking about that king,  
I wasn't talking about that king,  
I wasn't talking about that king, or hair do's Elvis,  
I wasn't talking about that king,  
I wasn't talking about that king,  
I wasn't talking about that king, it's confusing  
Now, we're being watched by experts,  
We're being watched by experts,  
We're being watched by experts,  
We're being...  
I try to blurt it out but, i can't find the words,  
I can't find the words,  
I can't find the words,

We're all waiting  
I will you take me ?  
We're all waiting  
I will you take me ?  
And if there is a god, then he will take me up

How, we're being watched by experts,  
We're being watched by experts,  
and what will happen next we have the clues...  
Now, i'm gonna tell you my secrets,  
I'm gonna tell you my secrets,  
I'm gonna tell you my secrets, i'm going...  
I try to blurt it out but,  
I can't find the words,  
I can't find the words,  
I can't find the words,  
I try to blurt it out but,  
I can't find the words,  
I can't find the words,  
I can't find the words,

We're all waiting  
I will you take me ?  
We're all waiting  
I will you take me ?  
And if there is a god, then please take me up
