

Boat Of Car

They Might Be Giants

Daddy'll sing bass, daddy'll sing bass
Daddy'll sing bass, daddy'll sing bass
I took my boat for a car, I took that car for a ride

I was tryin' to get somewhere
But now I'm followin' the traces of your fingernails
That run along the windshield on the boat of car

Daddy'll sing bass, traces of your fingernails
That run along the windshield on the boat of car

On the boat of car, on the boat of car, on the boat of car
