

## Dirt Bike

## They Might Be Giants

Here comes the dirt bike  
Beware of the dirt bike  
Because I hear they're coming to our town  
They've got plans for everyone  
And now I hear they're over their sophomore jinx, so you had better check it out

All hail the dirt bike  
Philosopher dirt bike  
Silence as we gathered round  
We saw the word and were on our way  
Now it's

Brain washing dirt bike  
Ground shaking dirt bike  
Mind bending dirt bike  
In control

Soul crushing dirt bike  
Self propelled dirt bike  
You see I never thought I'd understand  
'Til that bike took me by the hand  
Now I ride  
Ride  
Ride
