

## I Am A Human Head

### They Might Be Giants

I am a human head  
And my best friend is also a head  
I don't really need my best friend

Now my friend is gone  
And I'm only a head by myself  
I find, I don't need my whole head

Now I'm just the top of a head  
Just the scalp and the hair  
I don't like the scalp, just the hair

What do I really need?  
Best friend, also a head  
Just the head, just the scalp, hair

Friend, no head  
No scalp, no hair

I am only one human hair  
With no scalp for a home  
All I need's the top of a head

Now all I am is just a scalp  
I ain't have any head  
I'd be glad if I had a head

Now I have a head, look at me  
I'm a fine floating head  
Where is my friend, the other head?
