

## Robot Parade

## They Might Be Giants

In a future time  
Children will work together  
To build a giant cyborg

Robot parade, robot parade  
Wave the flags that the robots made  
Robot parade, robot parade  
Robots obey what the children say

There's electric cars  
There's electric trains  
Here comes a robot with electric brains

Robot parade, robot parade  
Wave the flags that the robots made  
Robot parade, robot parade  
Robots obey what the children say
