

## Someone Keeps Moving My Chair

They Might Be Giants

Mr. Horrible  
Mr. Horrible  
Telephone call for Mr. Horrible  
But before he can talk to the ugliness men  
There's some horrible business left  
For him to attend to  
Something unpleasant has spilled on his brain  
As he sponges it off they say

"Is this Horrible?  
Is this Horrible?  
It's the ugliness men, Mr. Horrible  
We're just trying to bug you  
We thought that our dreadfulness  
Might be a thing to annoy you with"

But Mr. Horrible says, "I don't mind  
The thing that bothers me is  
Someone keeps moving my chair"

"Would you mind if we balance this glass of milk  
Where your visiting friend accidentally was killed?  
Would it be okay with you if we wrote a reminder  
Of things we'll forget to do today otherwise,  
Using a green magic marker, if it's alright  
On the back of your head?"

Mr. Horrible  
Mr. Horrible  
We're not done with you yet Mr. Horrible  
You have to try on these pants so the Ugliness Men  
Can decide if they're just as embarrassing as we think  
We have to be sure about this

But Mr. Horrible says, "I don't mind  
The thing that bothers me is  
Someone keeps moving my chair"
