

I'm Ready

This!

I'm ready, I'm ready, I'm ready
I'm ready, I'm ready, I'm ready
I'm ready, I'm ready, I'm ready
I'm ready, I'm ready, I'm ready, I'm ready for war

They put a hit out on your boy, they left me for dead
Blood in my eyes, thorns on my head
Only thing that I can hear is what my Savior said
While I'm in my own blood and I can't feel my legs
But I'ma live, I will not die
Got up off the ground and I wipe that blood up out my eyes
Got my mind right, got my grind right, stood up, now it's time
to rise
Been resurrected, I am alive
Blood whooped, headed for war, fire in my eyes
Ready for war, no turning back, I got my dawgs with me
300 of us, your Leonidas, take on the whole city
We, we don't retreat, we do not quit, we are not the same
To live and die for the truth, let's be plain, this is why I ca
me
And if I were you, then dawg, I'd probably hate me too
But this power that I come in is too big for you
Two stop, so stop it boy before you go too far
My mind right, the time right, boy, and I'm ready for war!

My head to the sky, my war clothes on
And I'm gon' ride till he call me home
If I should die before too long
Put me on my shield and carry me home

I'm ready, I'm ready, I'm ready
I'm ready, I'm ready, I'm ready
I'm ready, I'm ready, I'm ready
I'm ready, I'm ready, I'm ready, I'm ready for war
