

It's Not About Me

Thi'sl

We live in a culture
Where everything is all about me
Everything is I I I
And me me me
But it's not about me

Let's Go

You lay my life down
Dirty I could die today
God's still gonna finish everything that he want to say
We not the stars
Man we just some features in the story
He the King He reign supreme
And He gonna get all the glory
Let's go

It's not about me
So I don't even bother
Because I could no nothing
That I do without my Father
Like nada
I can't take no portion
My credit zero
I look like superman to y'all
But He the hero
I ain't living that fly
I'm kind of messed up
I ain't gonna lie
Take his glory
I ain't gonna try
Before I do that
I'd rather die
You ain't gotta ask
Your boy gonna ride
I'm going into battle with my arms up high
But He the one who win the battle so he get the victory
It's about Him, not about I
Becausenother thug out on the corner
Pocket full of stones
Clothes reek the smell of marijuana
But when you're with me baby I'm a mighty man of God
But I'm just a tool in His hands
Moses' rod

You lay my life down
Dirty I could die today
God's still gonna finish everything that he want to say
We not the stars
Man we just some features in the story
He the King He reign supreme
And He gonna get all the glory
Let's Go
It's not about me...No
It's not about me...No
It's not about me...No
It's not about me...No

It's not about me...No
It's not about me...No
It's not about me...No
It's not about me...No

Bow down before him
All hail the king
The angels sing about His majesty
We featured in His story
By power He made everything
Forever He will rule and reign supreme
That's why he get the

Glory
Glory
That there wasn't made for me
If I ever try to take some of His from Him I hope He destroy me
'Stroy me, 'stroy me,
Lay your boy dead right back to the dust
Only reason that I even go this hard
'Cause I know the Lord He back me up
And I ain't stopping bruh
Yeah that sounds like some cocky stuff
As long as He in my corner dirty
I'm going on some rocky stuff, rocky stuff
Fighting stuff
Bow before Him He's supreme
Only reason that I breathe
For the glory of the King

You lay my life down
Dirty I could die today
God's still gonna finish everything that he want to say
We not the stars
Man we just some features in the story
He the King He reign supreme
And He gonna get all the glory
Let's go
It's not about me...No
It's not about me...No
It's not about me...No
It's not about me...No
It's not about me...No
It's not about me...No
It's not about me...No

Bring fire in a world so cold
Yeah they're all ready to die so bold
I'm nobody just Paul Revere
In an old school canon
And I represent my daddy.....
Learned about Christ I paid the cost
Put down the word pick up the cross
I'm a cop a ...godly boss
Found much more giving up the life I lost
Sex, drugs, money, guns, ice, and floss
Led to the truth in a world so false

Good to feel on when I felt so of
War like a batman carry that cross
Now I'm Elijah bring that fire
No more...unnatural high
I would not bother to say to give up the glory of God to the father of lies
Open your eyes
And
The worlds...
Come bring our choppers

You lay my life down
Dirty I could die today
God's still gonna finish everything that he want to say
We not the stars
