

Lady

Thieves Like Us

Meet me out tonight
In group sequence
to my violent life
We go falling
into radio
We go falling
in to radio
We can take them down
down with the sound
We can take them down
down with the sound

Meet me
Meet me out tonight
Falling over
Things don't feel so right
Keep on crashing
Against ratio
Keep on crashing
Against ratios

We can take them down
Down with the sound
