

## Memory Song

### Thieves Like Us

Streets of gold, you never saw them  
Streets of gold, you never saw not one  
Castles high, you never touched them  
You'll get around, you'll get around there one day

Beautiful hearts, beautiful hearts are heavy  
You'll get outside, you'll get outside here one day  
Beautiful hearts, beautiful hearts are heavy  
You'll get outside, you'll get outside here

And you will know no memory  
And you will know no sound  
Only the rain falls in front of you  
Only the grey stands out

Diamond life, you wouldn't buy in  
Diamond life, you never tried not once  
Colours shamed, you can't embrace them  
You'll wear them proud, you'll wear them proudly one day

Beautiful hearts, beautiful hearts are heavy  
You'll walk on proud, you'll walk on proudly one day  
Beautiful hearts, beautiful hearts are heavy  
You'll walk on proud, you'll get outside here

And you will know no memory  
And you will know no sound  
Only the rain falls in front of you  
Only the grey stands out
