

# Bad Habits

Thin Lizzy

1. I seen you walking down the street with another man  
Girl you're really shocking,  
I seen you walking down the street with another hand  
Held in your stockings,

2. Boys will be boys and girls will be trouble  
And I'm a man of bad habits  
I seen you walking down the street with another man  
Girl I had to have it

R: Bad habits  
Bad habits  
Bad habits

3. = 2.

4. You and I we should meet  
Yeah, you and I we should get together  
Me and you and I should meet  
In the rain and stormy weather

R: Bad habits...

\*: No messing around,  
Now's the time to start

5. Boys will be boys and girls will be trouble  
And I'm a man of bad habits  
I seen you walking down the street with another girl  
Man I had to have it

6. I know it gets into your brain  
Sometimes it dribbles and goes in your veins  
I tell you this boys is the same  
This boy's got bad habits

7. You and I should meet  
You and I we should get together  
You and I, you know we should meet  
Hey babe, check it out the stormy weather

R: Bad habits  
I got Bad habits  
I got Bad habits
