

## Chatting Today

Thin Lizzy

I worked for the union and on my very first communion, you know  
,  
It never ever, ever, ever worked out right  
So I spent the night sleepin' on the railway  
I worked for the foundry and man my mind it nearly drowned  
Yeah yeah yeah yeah yeah  
It never, it could never work out right  
So I said "so long, amigo. good night" and slept on the railway

The railway, there's no better way, ooh the railway  
And it's nice to talk to you today

I worked for the miller, a very, very nice type of fell-  
a {fellow}  
But I could see that it was never gonna work out right  
So I split and spent the night sleeping on the railway  
I worked in the subway arc, oh yeah, yeah  
You know it never, no no never, no never no, ever no, worked ou  
t right  
So I said "so long" and spent the night on the railway

The railway, give me a bottle of whiskey, ooh the railway  
Ooh, there's nothin' like the railway

And I'd like to thank someone for mascara and good things that  
I done  
And for the time ya spent and the friendship begun  
And most of all starry nights on the railway  
Oh, I don't know no better way  
Than just, ooh, lyin' back an' drifting away  
I can hear it, I can hear it
