1. Romeo and the lonely girl
 They seemed to hit it off
 Till Romeo told the lonely girl
 "I must take my leave, my love"

It was these few words I overheard And thought, "I should move in" But before I could The lonely girl had fallen in love again

- R: Oh poor Romeo
  Sitting out on his own-ee-o
  Oh poor Romeo
- 2. Romeo he had it rough The guy you'd like to burn But everything that Romeo had You can bet it was well earned

For all his good looks there were scars that he took And a lesson to be learned Never judge lovers by a good looking covers The story might be spurned

- R: Oh poor Romeo...
- 3. Romeo he like to put it around
  He was everybody's friend
  But in the end even Romeo found
  On no one could he depend

For all his charms in someone else's arms Lonely girl safely lay When the train pulled in it had to leave again And Romeo pulled away

R: Oh poor Romeo
Sitting all on his own-ee-o
Oh poor Romeo

R: Oh poor Romeo...
