

Slow Blues

Thin Lizzy

R: My baby don't love me
My baby's gone and made me sad
My baby don't love me
My baby's gone and made me sad

A hard hearted woman
A hard hearted woman true
My baby don't love me
My baby don't love me

1. Oh baby, let the flags fly at half mast
Let this darkened hour drift past
Oh baby, you don't know
How much I'm missing you

2. All my tears are falling
All my tears are falling
Slow blues is calling
Oh baby, you don't know
How much I'm missing you

3. Oh baby, baby, baby, go tell this crazy world the true tale
Please let loose this lover's ship to sail
Oh baby, you don't know
How much I'm missing you

*: You don't know how much I love you
Oh no no no no no

R: My baby don't love me...
