Yellow Pearl

Thin Lizzy

We all must beware of the yellow pearl The Yellow Pearl control, attack, attack, attack, attack Yellow Pearl It is foolish to venture into strange enchanted places If they aren't the places you want to be Attack, attack, attack, attack, attack, attack Is what we lack We will arise We will control We will command We will patrol It is foolish under the guise of love and liberty That we should capitalize and rob and fell The poor for the socialistic tree We will arise We will control Attack, attack, attack, attack, attack, attack, attack Is what we lack That's what you lack We shall arise They will arise We shall control They will control We shall command They will command We shall patrol They will patrol We must fight back We will arise They will arise We will control We are now living in a situation Where that self same situation depends on the Yellow Pearl Attack, attack, attack, attack, attack, attack, attack Is what we lack We will arise They will arise We will control They will control We will command They shall command We will patrol They will patrol Arise Yellow Pearl's upon us now We must fight back We will arise They will arise We will control Attack, attack, attack, attack, attack, attack Is what we lack Is what we lack Don't trust in Liberty To save your soul It is genocide to let liberty lose control Control We must decide

Control We the Yellow Pearl we will control
