

# Anything Is Possible

Third Day

One, two  
One, two, three

Well there is something  
That I got to say  
But I don't know if you are listening  
I guess it don't matter  
I'm gonna say it anyway  
Cause I know that somethings missing

We all have our troubles  
We all have our trials  
But I know that we can all make with our faith is like a child

When you see you're outnumbered  
And you're feeling overwhelmed  
Let the spirit lead and just believe  
That anything is possible

Maybe your feeling like you just can't go on  
Your situation is impossible  
We can do this  
With the love of God  
And together we're unstoppable

We all have our troubles  
We all have our trials  
But I know that we can all make with our faith is like a child

When you see you're outnumbered  
And you're feeling overwhelmed  
Let the spirit lead and just believe  
That anything is possible  
When you feel like you won't make it  
And you can't take another step  
Let the spirit lead and just believe  
That anything is possible

I'm gonna help you brother  
We gonna make it through  
If we carry each other  
There is nothing we can't do

When you see you're outnumbered  
And you're feeling overwhelmed  
Let the spirit lead you best believe  
That anything is possible  
When you see you're outnumbered  
And you're feeling overwhelmed  
Let the spirit lead and just believe  
That anything is possible  
When you feel like you won't make it  
And you can't take another step  
Let the spirit lead and just believe  
That anything is possible  
Anything is possible
