

Caught Up In Yourself

Third Day

Take a good look around You
And I'm sure that you are bound to
Think that all your have comes down to
You and what you've done

And if you look far beyond it
There's a life I hope you don't miss
What has kept you from moving on
Is learning to let go

And there is so much more
Then what you are looking for

Caught up in yourself
Caught it like it is
When your so good
But you never
Be good enough

You think if you surrender
It's the end
But just remember
Life is more then dying members
Burning in your soul

And I know it is true
Because I am just like you

Caught up in yourself
Caught it like it is
When your so good
But you never
Be good enough
(2x)

Thank god for mercy
Thank god for his grace
Thank god for everything you go
Before it is too late

And there is so much more
Then what you are looking for

Caught up in yourself
Caught it like it is
When your so good
But you never
Be good enough

Thank god for mercy
Thank god for his grace
Thank god for everything you go
Before it's too late (2x)

Before it's too late.
Caught up in yourself
