

# Devotion

Third Day

Early in the morning  
When I start the day  
You're the first thing my heart wants to see  
I carry Your light  
As I walk along the way  
And I will shine it with all that's in me

Lord I really want to know You  
Just as You are  
To give You all that You deserve  
Lord fill me up  
Till Your love surrounds me  
Lord give me grace  
That goes all around me  
And Lord give me faith  
That's simple and true  
Lord make my life a devotion to You

I need your direction  
As I travel down the road  
Won't you show me a good path to take  
Wherever you lead me  
That's where I'll go  
Lord I'll follow you for all of my days

Lord I really want to know You  
Just as You are  
To give You all that You deserve  
Lord build me up  
Till Your love surrounds me  
Lord give me grace  
That goes all around me  
And Lord give me faith  
That's simple and true  
Lord make my life a devotion to You

I really want to know You  
I really want to show You  
Let it shine through in my life

Lord fill me up  
Till Your love surrounds me  
Lord give me grace  
That goes all around me  
And Lord give me faith  
That's simple and true  
Lord make my life a devotion to You, yeah

Devotion to You
