

## Did You Mean It

Third Day

There was a time in your life  
When you wanted the pain to leave  
There were tears in your eyes  
You were down on your knees  
Asking forgiveness. Said you'd do anything  
But, did ya mean it?

And I know you know the difference  
Between a promise and a lie  
And I know you know the difference  
Between what is wrong and right  
I know you said you gave it  
All to Jesus Christ

You said that someday. Said you'd do anything  
But, did ya mean it?  
There was a time in your life  
When you were so afraid  
Nothing could go right  
You got on your knees and prayed  
You said that someday. You would do anything  
But, did ya mean it?  
Now the time has come to  
Make yor promise true  
But you sit around after  
All He's done for you  
You need forgiveness, you don't do anything  
You didn't mean it

And I know you know the difference  
Between a promise and a lie  
And I know you know the difference  
Between what is wrong and right  
I know you said you gave it  
All to Jesus Christ
