

## Gomer's Theme

Third Day

In this place  
Saw her face  
He was more than happier  
Made for Him  
It's a sin  
That she was not faithful

She couldn't be Foolishly  
More unfaithful if she tried  
He did not care  
Wanted her  
despite lies and wandering eyes  
He deserves the very best  
But He loves her none the less

She's forgotten her first love  
( Maybe someday she'll return )  
He's forgotten that she ever went away  
And broke his heart

Lacished on  
Silver, gold, anything she needed  
Wasted thoughts  
Broken hearts  
Love was not acknowledged  
God only knows  
That He has shown her  
More love than she deserves

There will come a time  
When she will find  
That He's not there to give her love  
And He'll be gone away  
From her forever
