

Great God Almighty

Third Day

Moses standing at the bank of the Red Sea
He blew children all around
Pharaoh coming over right behind him
Said "Move, I'm gonna watch you drown"
But before that Pharaoh got there
Moses looked up to the sky
Lifted up his hands to Heaven
And this is what he cried

He said, Great God Almighty, won't You save Your children?
Lord in Heaven, won't You lend a hand?
Ain't no way we gonna do this without You
By Your spirit I know we can
By Your spirit I know we can

David 'bout to fighting Goliath
That giant still ten feet tall
Don't know how he ever could deny it
David must have felt oh so small
But before he threw those stones
David whispered him a prayer
Lifted up his eyes to Heaven
And this is what he said

He said, Great God Almighty, won't You save Your children?
Lord in Heaven, won't You lend a hand?
Ain't no way we gonna do this without You
By Your spirit I know we can
By Your spirit I know we can

So if you think that you can't make it
And you feel like no one cares
You just turn your eyes to Heaven
And you whispered out this from there

You said, Great God Almighty, won't You save Your children?
Lord in Heaven, won't You lend a hand?
Ain't no way we gonna do this without You
By Your spirit I know we can

Great God Almighty, won't You save Your children?
Lord in Heaven, won't You lend a hand?
Ain't no way we gonna do this without You
By Your spirit I know we can
By Your spirit I know we can
By Your spirit I know we can

By Your spirit
Great God Almighty
Oh yeah
