

## Holy Spirit

Third Day

I can feel it in the air, I can feel it in this place  
and I hope that He never leaves  
I'm now without a care, It is something I can't explain  
And I feel so free

Holy Spirit, we cry to You  
Holy Spirit, in this place  
Holy Spirit, give us comfort  
Come down on us like a flame.

Read about Him in the Bible.  
He was in the men of God  
And though I don't deserve it, He is in me  
You can feel a new revival.  
Ask Jesus in your heart.  
And you'll feel so free...

You've got to feel it, oh to believe it  
You've got to see it, won't you receive it  
Why don't you believe in
