

# I Got You

## Third Day

What kind of song do you wanna sing to me?  
Is it slow, or is it rock and roll?  
What kind of day do you wanna bring to me?  
Rain or shine, that will be just fine  
'cause I got everything I need  
I got everything, I got everything.  
I got you, and you're putting it all together  
And it doesn't get any better as far as I can tell  
And I got you, right now and ever after  
And it doesn't even really matter that I got nothing else  
'cause I got you  
Where do I go when I wanna know the truth?  
Is it me when its only you?  
When will I know what you have for me to do?  
Is it now, or is it coming soon?  
'cause I got everything I need  
I got everything, I got everything.  
I got you, and you're putting it all together  
And it doesn't get any better as far as I can tell  
And I got you, right now and ever after  
And it doesn't even really matter that I got nothing else  
'cause I got you  
]Be it pleasure, be it pain  
I'm ready for whatever  
Whatever life may bring  
'cause I know that in the end, everything works together  
For the good of those who love him  
'cause I got everything I need  
I got everything, I got everything.  
I got you, and you're putting it all together  
And it doesn't get any better as far as I can tell  
And I got you, right now and ever after  
And it doesn't even really matter that I got nothing else  
'cause I got you
