

I Will Always Be True

Third Day

I will always be true
No, I'll never be leaving
I will be here with you
Through the storms and the seasons
Through the sun and the rain
Through the joy and the pain
I will know what to do
I will always be true

I will always be true
No, you never should doubt it
Once again I will prove
There is no way around it
Through the questions and tears
Every day of the year
I will know what to do
I will always be true

If you need a shoulder to cry on
I'm here every time
And when you need a hand to hold
I'll give you mine
I'll give you mine

I will always be true
You can always believe it
And when my life is through
Well, I hope you will see that
Every day that I live
Every breath that I breathe
Yes, it all was for you
I will always be true
