

# 1000 Julys

Third Eye Blind

Planning my attack just before you come back around  
Maybe I'm wrong, but I don't know how to back down  
I never fit in, I don't belong  
D'you know I doesn't matter when we feel strong  
Cause I'm a vampire y'all, we toast the blood of our enemies  
You're still scaring me no, you're scaring me no  
And we don't fit in

(We don't fit in)

Wonder what it's like when you're living with someone like me  
I'm a freak and I'm nervous when it's easy  
Feral days, and I'm sex crazed  
I put it in with my with my animal ways  
And that's the sign I was born to be living in  
I ran around and gave the finger to the Ritalin  
You can calm me down and I can't say why  
You say goodbye and burn my eyes

You burn my eyes

A thousand Julys  
I hope you find  
I'd give you words, but no words come to mind  
But you turn me so cold, so I tell you lies  
When you let me in, it's like a thousand Julys

When you left, I felt the drop like a boom  
Wintertime all alone in your bedroom  
I don't blame you, and I know I'm not your friend  
How we living, young American  
I guess I've always known  
I'd be on my own, I'd be on my own  
And I don't know why, I don't know why  
I don't know why

A thousand Julys  
I know you'll find  
I'd say the words, but no words come to mind  
But you let me in, and I don't know why  
Ooh when you come, it's like a thousand Julys  
A thousand Julys

A thousand Julys  
That's what you are  
I'd tell you to come back now  
But we've gone too far  
And we've burned it out now  
I don't even try  
But I feel you gone  
I've lost a thousand Julys
