## **Standing In The Rain**

Third World

Why spend time brewing up stormy weather making tear drops remind me of grey skies why should todays dreams be tomorrows heartache let's make summer days 365 and if it's in my power long as I'm alive oh you'll never see me standing in the rain oh you'll never see me standing in the rain oh you'll never see me standing in the rain take me where the musict playing Fair to fine, that's how I'm feeling I kept on hoping I'd see a brighter day Well wishing friends they forecast storm warning, rough running up ahead is what they say, but the road I'm taking it clont lead that wa У oh you'll never see me standing in the rain oh you'll never see me standing in the rain
